

THE CHARLEROI MAIL

VOLUME XX—No. 135

CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA, TUESDAY, NOVEMBER 11, 1919

TWO CENTS

MINERS' STRIKE HAS BEEN CALLED OFF BY UNION OFFICIALS

Acting President Lewis asks Men to Return to Work at Union Mines

EXPECT ORDER TO BE OBEYED

The General Committee of the United Mine Workers of America, in session at Indianapolis, since Monday morning, after an 18-hour conference, took action on the mandatory injunction issued by Judge A. B. Anderson of the United States District Court, and recalled the strike order, which will mean the returning of over 400,000 miners to work. Acting President Lewis, after the order had been issued, said that the strike would be called off and that all union men would return to work at once. He felt that all law-abiding union men would abide by the decision of the conference and that there would be no trouble. He further said that the miners were Americans and would stand by the government.

When Acting President Lewis emerged from the conference at 9:00 o'clock this morning he said: "We will obey the mandate of the United States Court. We are good American citizens. We cannot fight the United States government."

Mr. Lewis said there might be isolated cases of trouble, but that the government would have men on the scene and that any attempt on the part of radicals to cause dissatisfaction, or to make any trouble because men were returning to work would meet with instant action.

The action of the conference was made known in Charleroi about 10 o'clock this morning, word coming in by telegraph and telephone. It is expected that the national officers of the miners' union will at once send word to all district presidents, and through them the information will be conveyed to the various locals. By this evening it is expected the information will be generally known, and it is not unlikely that many of the union mines that have been idle since the first of the month will resume Wednesday morning. By the latter part of the week or the first of next week, it is anticipated that all of the mines will have resumed, and the strike be a thing of the past.

Following the action of the miners' officials, it is now anticipated that the miners and operators will again enter into a conference regarding scale and working conditions, in which it is anticipated that some agreement will be reached.

The strike now a thing of the past was called by the United Mine Workers of America to take place at midnight, Friday, October 31. This call was made following the failure of a conference between the miners and the operators, when the men presented a demand for a 6-hour day, five day week and a 60 per cent increase in wages. The operators did not present any counter proposition, claim-

LOOK FOR DRILLING ACTIVITY AT BEALLSVILLE

Considerable activity in the gas fields of the Beallsville community is promised in the near future—an activity that may equal that of a few years ago when that section was one of the busiest in this part of the state in natural gas developments. With the striking of an excellent gasser on the farm of Mrs. W. B. Flick, just off the Beallsville-Bentleyville road, much leasing has been in progress and it is understood that a number of other wells will be put down on leases recently executed.

MORE BOMBS AT DONORA

Attempt Made to Destroy Tracks of Lake Erie Road

FOREIGNER'S HOME IS BOMBED

In a renewal of bomb outrages at Donora Monday night, an attempt was made to dynamite the tracks of the Pittsburgh & Lake Erie railroad and the home of a foreigner residing in Gilmore terrace was partially wrecked. State Police are working on both jobs, but up until a late hour had made no arrests.

The attempt to destroy the railroad tracks was made at 10 o'clock Monday night at the Webster end of the river bridge. A stick of dynamite was placed between two cars and set off. A hole was torn in the ground but the tracks were not damaged. Two men who were seen in the vicinity, and who started to run were followed by the state police but at a late hour had not been apprehended.

About 9:30 o'clock Monday night a bomb was exploded under the kitchen of the home of the foreigner in Gilmore terrace. The kitchen was a one-room addition to the dwelling and was shattered. The other part of the house was not damaged. No one was injured.

Let's Go
MICKEY 134-45

ing that the demands of the miners were beyond reason. This led to the ultimatum, which the miners carried into effect and which resulted in the strike.

Now it is possible for all parties to get together and arrive at some satisfactory conclusion. It is likely the government will be a factor in the conference, if not directly, at least in such a way as to cause both parties to come to an agreement.

Powder House at Arnold No. 2 Destroyed by An Explosion

The powder house at Arnold mine inside when the explosion took place. No. 2, at Arnold City, was blown up Monday night about 10 o'clock and completely destroyed. There were about 65 cans of powder in the magazine at the time of the explosion and the powder house was practically blown to bits. No one was about the mine at the time of the explosion except the engineer and the watchman. The watchman had just completed his rounds, but saw nothing that would lead him to expect any disturbance. He had just reached the sand house and stepped

Local Committee Will Be Organized to Conserve Health

Dr. C. B. Wood, County Medical Director, from Monongahela, was in Charleroi this morning, arranging for a meeting to be held in the public meeting room of the municipal building at 8 o'clock Monday next, at which time it is proposed to form a district committee, for the purpose of looking after the public health in every particular.

This committee will not interfere in any way with the local board of health, but rather will be an adjunct hereto, and assist in every way in bringing about better health conditions throughout the borough.

The meeting to be held here is in keeping with a state-wide movement inaugurated by Col. Martin, head of the State Department of Health, looking toward a campaign for the betterment of health conditions in every city, town, district and hamlet in the United States. In keeping with this campaign a county committee will be organized, with representatives from

FRENCH GIRL WILL TELL GREAT STORY

A lecture of peculiar interest to the French and Belgian residents of this vicinity is to be given in the Methodist church at Monongahela, by Miss Marie Rose Lauler, Thursday evening, November 13. Miss Lauler was a French girl in a Belgian convent when the war broke out, and she tells from a woman's standpoint the story of the German advance through Belgium, tells of the barbaric atrocities committed upon women, old men and children and recounts also the story of her own imprisonment by the Germans, her escape and recapture, and finally how she came to the United States of which she is a citizen, although at the beginning of the war she had never been to America and could not speak English. She tells her story in vivid authentic lecture which bears the appropriate title of "The Spirit of the Women of France."

Marriage license was issued in Pittsburgh on Monday to Robert P. Hempel and Marie Stopp, both of Charleroi.

different sections of the county, while each community will likewise form their local committees, which will work in conjunction with the county and state authorities.

As pointed out by the State Department of Health, there never was a greater need for activity in every community along the lines for the conservation of health. Tubercular and flu patients, as well as many crippled children and adults throughout the state makes this work of paramount importance, and Dr. Martin believes that by the organization of these additional committees that a vast amount of good can be done. They will work in conjunction with the state health department as well as the local boards of health, and by this means add materially in the conservation of public health.

A representative attendance is expected at the meeting to be held Monday evening to form the local committee.

AUTOS COLLIDE ON THE SPEERS ROAD

A Haynes car driven by Mr. Bennett, outside superintendent at Tremont mines, who was accompanied by his wife, and a Hupmobile driven by Edgar Montgomery, came together on the brick road near O'Neil stop on Monday and both cars were badly damaged. It is said that Montgomery was driving toward Speers behind a Ford car, when it stopped very suddenly. In order to avoid striking it, he turned to the left when he met the Haynes car driven by Mr. Bennett. Mrs. Bennett was somewhat shaken up by the accident, but none of the occupants of the cars were injured. It was necessary to haul both machines to the garage for repairs.

OFFICIAL RETURNS SHOW A HEAVY REPUBLICAN VOTE

DONORA VETERANS TO CELEBRATE ARMISTICE DAY

The American Legion of Donora have arranged for a euchre and dance, which will be held this evening in Slovak Hall in that borough. They have extended a cordial invitation to all returned soldiers to unite with them in celebrating Armistice Day in this manner, and a large attendance is expected.

One of the first attributes of liberty is observance of the law. Without law our liberties would not be preserved for any length of time.

EARLY HOUR EXPLOSION

House At Allenport Damaged By Dynamite, No One Injured

OCCUPIED BY A MILL WORKER

An attempt was made between 2 and 3 o'clock this morning to dynamite the house occupied by a mill worker named Sessi at Allenport. The house, a frame structure, is located in what is known as Wolfstown and is owned by the Pittsburgh Steel Products company. From the evidence at hand it looks as if dynamite was placed near the house and then exploded. One corner of the building was damaged slightly, but no one was injured. Sessi was employed in the tube plant at Allenport, but whether he had returned to work since the strike began was not stated. An investigation is now under way, but so far no one has been apprehended.

Gray Leads in Votes, and Aiken Has the Largest Plurality

ECKER FOR COMMISSIONER

The return board of Washington county completed its work of tabulating the vote cast at the election last Tuesday, late Monday afternoon and the official figures bears out the estimates made the morning after the election. The Republican ticket was successful by pluralities ranging from 6,812 to 11,570. Alex B. Gray elected Sheriff, led the ticket with a total of 13,786 votes and Col. John Aiken, elected register, was a close second with 13,710. Aiken had the banner plurality of 11,870. The full vote of the county is as follows:

Judge of Superior Court
William H. Keller (non-partisan) 9,280
Judge of Common Pleas Court
James I. Brownson (non-partisan) 9,797
Judge of Orphans' Court
Haldam B. Hughes (non-partisan) 9,669
George Plummer Baker 5,438
Hughes' majority over Baker is 4,231.

County Commissioners.

THE SUPREME DUTY.

Whatever their political faiths or affiliations, the newspapers of America hold in common one conviction. They believe that every ill, political, economic or social, can be cured under the law and order treatment.

They believe that a democratic form of government, perhaps best exemplified in our own, is the surest safeguard ever devised by men for the protection of peoples. They recognize no problem so grave that it may not be solved through the orderly processes established by our political system.

In a democracy the people rule—through instrumentalities created expressly to put into force and effect the will and convictions of the majority.

But impatient minorities, suffering under temporary injustices, or inequalities, are often eager to substitute for the democratic processes those alien policies of class domination which bring to wreck nations which submit to them.

Here in America we have felt so secure in the strength and stability of our institutions that we have been inclined to look lightly upon outbreaks of so-called radicalism. We have felt that those afforded the necessary events for the discharge of pent-up anger and resentment smouldering in the hearts and minds of men.

But when we see class antagonism growing—when we see great industrial leaders clinging to outworn autocratic ideas and great groups of workers resorting to force to compel a redress of their grievances—it is time the newspapers of the country, to sound a clear note of Americanism.

Do you know that eight out of every hundred children die from death violence, and that the railroads get their share of these fatalities? Children should be warned to keep away from tracks and cars. The danger of "hopping" trains should be pointed out to them, and they should be warned against the danger of walking on the tracks in the vicinity of shifting trains. People are prone to take short cuts and cross tracks in order to save time, but this desire has often cost a life, as well as injury. A few months ago a young man becoming impatient at a little delay, got off a passenger train and attempted to cross over a freight train. The freight train gave a sudden lurch and the young man was thrown with his foot over the rail. It was so badly crushed by the wheels of the car that it had to be amputated. The young man will be a cripple for life, and all through a desire to gain a little time by climbing over a freight to reach the station platform. The time to take precaution is before any accidents happen.

A SURPRISE PARTY FOR DR. J. W. MANON

Quite a happy event was the birthday anniversary surprise for Dr. J. W. Manon at his home on Sunday, and the day passed all too quickly. In all there were sixteen who gathered about a bountiful spread table at noon time. Three families were unable to be present, Mr. and Mrs. Ezra Wolfe of Dumas Station, Mr. and Mrs. E. C. Ingram of Monroe North Carolina and Mr. and Mrs. Charles Manon of East Palestine, Ohio. The surprise was a real one having been arranged by the Doctor's wife and daughter Irene. A second surprise to the Doctor was the presentation of a fine rocking chair to the Doctor from his brothers and sisters. Several other valuable presents were received from the family. These presents were Mrs. James Manon and daughter Bess of Washington. Mr. and Mrs. Clarence Manon of Washington. Mr. and Mrs. Craig McCarrell of Charleville. Mr. and Mrs. S. V. Reeves and Ralph Manon of Pittsburgh.

ARMISTICE DAY WAS OBSERVED

A patriotic service, in honor of Armistice Day, was given at the High school this morning. Rev. John R. Burson, pastor of the Washington Avenue Presbyterian church, made the address, which was of a very patriotic character, while music of the same character featured the meeting. The High school orchestra under direction of Prof. Daniel, played several selections. The services were very appropriate and were highly interesting.

A new flag was placed at the top of the municipal flag pole at Fifth street and McKean avenue this morning, in honor of Armistice Day. Otherwise there was no formal recognition of the day in Charleroi.

Their Medicine Chest For 20 Years

It is characteristic of folks after they pass the "three score years and ten" to look back over the days that are gone and thoughtfully live them over.

I and myself, at seven-o-one, in "healthy" condition, a quarter of a century, when I see myself in the little drug store I owned at Bolivar, Mo., making and selling a vegetable compound to my friends and customers—what was then known only as Dr. Lewis' Medicine for Stomach, Liver and Bowel Complaints.

For many years while I was perfecting my formula I studied and investigated the laxatives and cathartics on the market and became convinced that the main fault was not in the action on the bowels, but that their action was too violent and drastic, and upset the system of the user, which was due to the fact that they were not thorough enough in their action, some simply acting on the outer or superficial tissues, while others would act only on the lower or large intestines, and that they almost invariably produced a laxative or purgative effect.

I believed that a preparation to produce the best effect must first tone the liver, then act on the stomach and entire alimentary system. If this was accomplished, the medicine would produce a natural, but thorough cleansing of the system, and the usual sleeping, eating, and more the user feel better at once.

After experimenting with hundreds of different compounds, I at last perfected a formula that is now known as Nature's Remedy, which I truly believe goes further.

"DIXIE" is the new, full-butter flavored margarine.

Blindfold yourself; then let somebody give you a taste of the highest priced creamery butter and then a taste of DIXIE Margarine and see if you can tell which is which.

DIXIE is good because it is absolutely wholesome and absolutely pure.

All of the milk and cream that go into DIXIE are supposed to be clarified and pasteurized before they ever leave the milk stations in the country. But we re-clarify and re-pasteurize every gallon and also pasteurize every other ingredient the moment it arrives at our Plant.

But DIXIE is not only full-butter flavored in taste, it is even better than butter itself in food value. This has been testified to by Food Experts again and again.

Buy it and try it and see for yourself.

*Ask your family physician or write to your health commission and ask what pasteurization means and how important it is. †Government analysis gives No. of calories of Margarine as 3714 and of butter as 3400.

National Blouse Week

An Event
of Nation
Wide
Interest

For All
This Week
Nov.
10 to 15

This week will be observed by the leading merchandising institutions (including this store) all over the U. S. as National Blouse Week.

We have especially prepared for this national event and our stock of beautiful silk and tailored blouses is now complete.

Never before in the history of this store did we have such a wonderful assortment.

This event will be one worth attending. At this time you will have the opportunity of inspecting every blouse in our stocks which will be conveniently arranged.

A great many blouses will be greatly underpriced for this event and a few moments spent at this store during this week will undoubtedly effect a great saving in your Blouse selections as well as assist you in your choice. See our window display.

J. W. Berryman & Son,
Charleroi's Busy Store

The H. C. of L.

is the result of many causes, but if the first dollar out of America's pay envelope were to go into savings instead of into more or less unnecessary articles, production would soon reach a high level, and prices would tend automatically to drop.

More than ever must thrift and economy be practised. As during war-time, wasteful habits must be overcome.

Let there be concerted action! Begin this week. The dollar saved will open a savings account.

BELLE VERNON WILL CARRY OUT PROGRAM

The program for the welcome home celebration at Belle Vernon today will be carried out as scheduled. There will be plenty of music and the mardis gras this evening promises to be one of the most enjoyable features of the occasion.

Preferred Stocks

Preferred stocks of a number of successful well-managed public utilities are cheap at present prices. This is due principally to the effect of the War on public utilities and their earnings.

Present prices do not reflect the actual value of these stocks, and they will not remain at the present level indefinitely.

For instance, West Penn Railways Company preferred stock is now being sold at \$82.00 per share to yield 7.32 per cent on the investment.

SCIATIC PAINS QUICKLY RELIEVED

Keep Sloan's, the World's Liniment handy to allay aches

THOUSANDS of men and women, when the least little rheumatic "crick" assails them, have Sloan's Liniment handy to knock it out. Popular a third of a century ago—far more popular today.

That's because it is so wonderfully helpful in relieving all external aches and pains—sciatica, lumbago, neuralgia, overstrained muscles, stiff joints, weather exposure results. A little is all that is necessary, for it soon penetrates without rubbing to the sore spot. Leaves no mess, stained skin, clogged pores. A bottle today is a wise precaution. Keep it handy.

All druggists—35c, 70c, \$1.40.

Advertise your wants in the Classified column of The Mail.

Camel CIGARETTES

CAMELS supply cigarette contentment beyond anything you ever experienced! You never tasted such full-bodied mellow-mildness; such refreshing, appetizing flavor and coolness. The more Camels you smoke the greater becomes your delight—Camels are such a cigarette revelation!

Everything about Camels you find so fascinating is due to their quality—to the expert blend of choice Turkish and choice Domestic tobaccos.

You'll say Camels are in a class by themselves—they seem made to meet your own personal taste in so many ways! Freedom from any unpleasant cigarette after-taste or unpleasant cigarette odor makes Camels particularly desirable to the most fastidious smokers. And, you smoke Camels as liberally as meets your own wishes, for they never tire your taste!

You are always keen for the cigarette satisfaction that makes Camels so attractive. Smokers realize that the value is in the cigarettes and do not expect premiums or coupons!

Compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper covered carton. We strongly recommend this carton for the home or office supply or when you travel.
